Reduces labor costs

Central Door **Foam Unit**

SPECIFICATIONS

9 by 5 foot potential coverage area

Draws from pre-mix chemical

Santoprene or Viton pumps

5 to 10 cfm at 40 to 80 psi

The Central Door Foam Unit offers an economical option for sanitizing multiple doors in a given plant. This unit offers a wide coverage of spray, people don't have to go out of their way to step into the sanitizing foam. The unit runs on a digiset timer which allows you to control the output depending on the traffic of the doorway.
